***£10 at Montage Beverly Hills***

Relish a luxury lounge experience like no other at one of Montage Beverly Hills’ best-kept secrets. Located on the second floor of the hotel, £10 invites world-class whisky connoisseurs and socialites alike to savor handcrafted cocktails and a colorfully aged selection of £10’s specialty, The Macallan Single Malt.

With everything from exotic wood interior to Lalique crystal glassware, £10’s superior presentation mirrors that of the ingredients poured inside the glass. Designed by the vision of Nina Petronzio, this intimate lounge features furniture from Petronzio’s Plush Home collection, commissioned art to match its Scottish undertones, and a private outdoor terrace with views of the elegant Beverly Canon Gardens below.

***S’mores Martini at Montage Deer Valley***

Now serving at Montage Deer Valley is a nostalgic treat you won’t have to stand over the fire pit for. Savor the rich flavors of crushed graham crackers, melted chocolate, and creamy marshmallows blended with Bailey’s Irish Cream and a splash of Stolli Vanil vodka. Poured to perfection in elegant Martini glassware, this new spin on America’s childhood favorite treat will inspire guests dining at Apex and Vista to definitely make room for dessert.

***Champagne Vending Machine at Pendry San Diego***

Raise your glass to a classy kind of convenience. Thanks to Moët & Chandon, Pendry is one of five locations in the U.S to house the exclusive champagne vending machine amongst Century City’s Crack Shack, the Mandarin Oriental Las Vegas, Chateau Las Vegas, and Kris Jenner. With tokens available to purchase for \$25, guests can sip their favorite single serving of Imperial Brut or Imperial Rose accompanied by a small champagne flute. Unlike common vending machines dropping candy bars from its hooks, Moët & Chandon gently maneuvers an unshaken and ready to pour bottle guests will be happy to toast to.
